

Margins & Padding

Margins

h1 {

margin-top: 10px;

margin-right: 10px;

margin-bottom: 10px;

margin-left: 10px;

}

Margins (shorthand, 1 value → top, right, bottom, left)

```
h1 {
```

```
    margin: 20px;
```

```
}
```

Margins (shorthand, 2 values → top & bottom, left & right)

h1 {

margin: 10px 20px;

}

Margins (shorthand, 3 values → top, left & right, bottom)

```
h1 {
```

```
    margin: 10px 20px 30px;
```

```
}
```

Margins (shorthand, 4 values → top, right, bottom, left)

```
h1 {
```

```
    margin: 10px 20px 30px 40px;
```

```
}
```

Padding

```
h1 {
```

```
padding-top: 10px;  
padding-right: 10px;  
padding-bottom: 10px;  
padding-left: 10px;
```

```
}
```

Padding (shorthand, 1 value → top, right, bottom, left)

```
h1 {
```

```
padding: 20px;
```

```
}
```

Padding (shorthand, 2 values → top & bottom, left & right)

```
h1 {
```

```
padding: 10px 20px;
```

```
}
```

Padding (shorthand, 3 values → top, left & right, bottom)

```
h1 {
```

```
padding: 10px 20px 30px;
```

```
}
```

Padding (shorthand, 4 values → top, right, bottom, left)

```
h1 {
```

```
padding: 10px 20px 30px 40px;
```

```
}
```

Note:

Margins can have **negative values**, Padding **cannot** (will not take effect)

```
h1 {
```

```
    margin-left: -20px;
```

```
}
```
