I installed Fathom on my personal website yesterday, and wow, what a breath of fresh air. I love how simple it is, and for something like a blog it really gives you all the traffic metrics you could need.

Joel Gascoigne, CEO of Buffer

I switched to Fathom because it's an ethical analytics tool that I can trust with my data. The interface is beautifully simple to use: it shows me everything I want to know about my site's performance, and nothing I don't!

Charli Marie, creative director of ConvertKit

Fathom is the perfect privacy-based Analytics solution for us. We can provide the metrics that our clients need and reassure them that their customers' data isn't being shared with faceless companies.

Darren Pinder, owner of Vatu

Developers are pretty tech-savvy people, and these days very privacy-cautious—they understand how scripts follow you across the internet, that's why we choose Fathom, because they don't do that.

Oskar Krawczyk, cofounder of JSFiddle
